# Homer's - 30 years in Winnipeg.

The epic texts of *Homer* – the *Iliad* and the *Odyssey* – have for centuries enlightened the world about the lives and customs of the Ancient Greeks.

This remarkable civilization established principals that have evolved and endured throughout many of the world's great cultures.

Our family came to Winnipeg forty-five years ago to find new opportunities and bring some of our heritage to our new home and friends.

Food is just one of the many beautiful flavors of Greek life. It is one we are very proud to share with you.

Enjoy!
